

The Future is Whispering

Wednesday, 25 June 2025

Dark Matter - Science Building III/SC353 (15:30 - 17:00)

-Conveners: Chrisna Setyo Nugroho

time	[id] title	presenter
15:30	[33] Constraining Fuzzy Dark Matter Mass with Gravitationally Lensed High-z Galaxies	ZHANG, Jiashuo
16:00	[35] Phenomenology of Neutrino-Dark Matter Interaction in DSNB and AGN	YEH, Yu Min
16:30	[37] Shimmering darkness: Mapping the evolution of supernova-neutrino-boosted dark matter across the sky	LIN, Yen-Hsun

Thursday, 26 June 2025

Dark Matter - Science Building III/SC353 (14:30 - 15:00)

-Conveners: Sut-Ieng Tam

time	[id] title	presenter
14:30	[42] Constraints on extended axion structures from the lensing of fast radio bursts	CHOU, Kuan-Yen

Friday, 27 June 2025

Dark Matter - Science Building III/SC353 (13:30 - 14:30)

-Conveners: KINGMAN CHEUNG

time	[id] title	presenter
13:30	[39] Probing the Gauge-boson Couplings of Axion-like Particle at the LHC	WANG, Chen
14:00	[44] JUNO sensitivity to resonance-enhanced MeV dark matter annihilation in the galactic halo	Ms VAN, Thi Dieu Hien
