

**Session Program**

**15-18 Jun 2026**

**The 16th Particle Physics Phenomenology  
Workshop**

**Other Aspects of Particle Physics**

NTHU

# Monday 15 June

15:45

## Other Aspects of Particle Physics: Invited Talks

Session | Location: NTHU

15:45-16:30

### Probing the Higgs Self-coupling via VBF Di-Higgs Production at a Multi-TeV Muon Collider

**Speaker**

Soojin Lee

16:30-17:15

### Freeze-in Production of Non-Abelian Millicharged Vector Dark Matter

**Speaker**

Dr Van Que Tran

18:00

## Tuesday 16 June

10:30

### Other Aspects of Particle Physics: Invited Talks

Session | Location: NTHU

12:00

10:30-11:15 **New physics in toponium's shadow?**

**Speaker**

Jinheung Kim

## Thursday 18 June

16:15

17:00

### **Other Aspects of Particle Physics: Invited Talks**

**Session** | **Location:** NTHU
