

2024 Poster Competition

Wednesday, 13 March 2024 - Wednesday, 13 March 2024

Scientific Programme

This is the annual poster competition for the Department of Physics. We encourage every lab to share its research discoveries. We aim to create an intersectional, international, and interdisciplinary scientific discussion environment.

Poster section

A horizontal row of 30 empty square boxes, intended for children to write their names in, likely as a first activity in a worksheet.

All posters are presented simultaneously. The numbering of the posters is merely for the convenience of online evaluation.
